

Dancik Open-WebService Reference

Function ID/Path : /fm/getAttributes

This function retrieves a list of attributes associated with a particular Packing Class.

Inputs :

Variable	Type	Req?	Description
packaging_class	character(6)	Y	Packaging Class Code.

Example (XML) :

```
<dancik-api-request>
  <packaging_class> XXX </packaging_class>
</dancik-api-request>
```

Example (JSON) :

```
{
  "packaging_class": " XXX "
}
```

Outputs :

Layout name : header

Variable	Type	Description
packaging_class		
reference_type0		
reference_type1		
attribute_number0		
attribute_number1		
attribute_value		
short_description		
long_description		
sequence_number		
value_level		
key_flag		
advanced_search		
advanced_favorite		

Example (XML) :

```
<dancik-api-response>
  <header>
    <packaging_class> XXX </packaging_class>
    <reference_type0> XXX </reference_type0>
    <reference_type1> XXX </reference_type1>
    <attribute_number0> XXX </attribute_number0>
    <attribute_number1> XXX </attribute_number1>
    <attribute_value> XXX </attribute_value>
    <short_description> XXX </short_description>
    <long_description> XXX </long_description>
    <sequence_number> XXX </sequence_number>
    <value_level> XXX </value_level>
    <key_flag> XXX </key_flag>
    <advanced_search> XXX </advanced_search>
    <advanced_favorite> XXX </advanced_favorite>
  </header>
</dancik-api-response>
```

Example (JSON) :

```
{
  "header": {
    "packaging_class": " XXX ",
    "reference_type0": " XXX ",
    "reference_type1": " XXX ",
    "attribute_number0": " XXX ",
    "attribute_number1": " XXX ",
    "attribute_value": " XXX ",
    "short_description": " XXX ",
    "long_description": " XXX ",
    "sequence_number": " XXX ",
    "value_level": " XXX ",
    "key_flag": " XXX ",
    "advanced_search": " XXX ",
    "advanced_favorite": " XXX "
  }
}
```
