## **Cross Authentication between Radar, Navigator and Decor 24**

This functionality introduces the ability to move between the RADAR, Navigator and Decor 24 applications without having to re-enter a user name and password, multiple times.

## **RADAR Set-up**

- 1. Access the Control User File Maintenance via menu option SET 32 or NAV 5.
- 2. Enter a "W" in the **Opt** field of the operator you want to work with.

8/: 15:!	16/13 52:52	Control User File Maintenance		FM3010R@ AA

5. Clicking the **Access Decor 24** button takes you right into Decor 24 without having to go through the Decor 24 login screen.

## Decor 24 Set-up

1. A new link has been developed that bypasses the RADAR login. This new link can be inserted into the 3rd, 4th, or 5th set options as a dynamic option.

- 2. To add the new link go into one of the five dynamic options option from the D24 menu. In this example, the link is being put into the 3rd set options (D24 14).
- 3. After going into D24 14, press F1 to add the link.

8/16/13	Decor 24	DE3015MA
16:47:51 Dyna	amic Content File Maintenance	AA
Category:	Third-Set Options	Change
Key#	RADAR	
Active Status	<u>Y</u> (Y/N)	
Internal Description:	Link to RADAR	
	This description will only be used interna	illy
Description for Web: RADAR	Press F9 to access more lines for Descript	ion.
How Will Content Load:	U "T" = Promo will display by provided Te "U" = Promo will display by provided UR	ext∕HTML RL
Open in New Window:	<u>Y</u> (Y/N)	
Omit D24 form Parameters:	<u>Y</u> (Y/N)	

4. Then press F10 to add the RADAR URL. http://YOURDOMAIN.com/dancik/radar/

5. The RADAR link is added to the Decor 24 options. The **RADAR** link option will be loaded to the selected dynamic option set, as shown below.
